PROJECTS

- **Event Manager**
 - Built an Event Manager web application using Node.js, Express, EJS, and MongoDB.
 - Users can create events and filter them by category and location.
 - Events can be sorted by date for better visibility.
- **TicTacToe**
 - Tic Tac Toe is a game played by two players on a small 3×3 board.
 - Each player takes turns placing their symbol.
 - The first player to make three symbols in a straight line wins the game..
- **Github User Finder**
 - Built a GitHub User Finder using HTML, CSS, and JavaScript.
 - Used GitHub API with fetch and async/await to get user details dynamically..
 - Displays user information like profile, repositories, and followers.
